

**FACULTY, NEPHROLOGY NURSING SPECIALTY  
SCHOOL OF HEALTH SCIENCES**

***Specialty Nursing Mission: We provide innovative education through leadership, scholarship, and collaboration, to advance excellence in Specialty Nursing practice in the global healthcare environment.***

BCIT is seeking a **temporary, part-time (0.6) Instructor** to join our **Nephrology Nursing Specialty** team in the **Bachelor of Science, Specialty Nursing** program.

We provide innovative education through leadership, scholarship, and collaboration, to advance excellence in Specialty Nursing practice in the global healthcare environment. We aspire to be integral to improved health outcomes for all people requiring specialized nursing care: provincially, nationally and globally. We invite you to join our creative and committed team of educators who are grounded in participatory and learner-centered practice, education and research.

**ADDITIONAL DUTIES AND RESPONSIBILITIES:**

- Provide excellent teaching and learning experiences for students through innovative simulation, clinical and distance on-line education delivered from the Specialty Nursing office at BCIT campus, Burnaby and clinical site locations.
- Participate in future focused curriculum development by designing, developing, evaluating and revising high quality learning materials.
- Collaborate with stakeholders to strengthen program partnerships and improve health outcomes.
- Actively participate in assigned projects and initiatives in the Specialty Nursing Department, School of Health Sciences and BCIT.
- Contribute to and support a healthy, collegial and scholarly work environment through professional development, professional practice and/or participation in research.

**WHAT THIS POSITION HAS TO OFFER:**

- A generous Total Compensation [package](#) which includes extended health and dental benefits and a competitive [pension](#) plan.
- [Professional Development Funds](#) and opportunities for career development.
- [Tuition](#) waivers for BCIT courses.
- Subsidized parking and fitness facilities.
- [Wellness](#) and Employee Assistance programs.

**QUALIFICATIONS:**

- Five years recent relevant clinical experience in Nephrology Nursing Specialty.
- Bachelor's degree required; Master's degree preferred (one degree must be in Nursing).
- Experience in nursing education.
- Advanced Specialty Nursing Certificate or CNA Certification preferred.
- Must possess a participatory, learner-centered philosophy.
- Excellent communication, teamwork and leadership skills.
- Current CRNBC practicing license.
- Computer literacy required, and educational technology preferred.
- Ability to travel within Lower Mainland and province as required.
