

COLLEGE OF NURSING  
UNIVERSITY OF MANITOBA  
FORT GARRY CAMPUS

**INSTRUCTOR II/SENIOR INSTRUCTOR POSITION**

The College of Nursing invites applications to fill a Nurse Practitioner (NP) Instructor II/Senior Instructor position (Position #26015), 3 year term position with 0.4 FTE dedicated to serving as Director of the NP Program and 0.6 FTE dedicated to teaching responsibilities. Qualified candidates will possess substantive knowledge and relevant NP experience in primary care, and have experience in administrative leadership.

**POSITION:**

The successful candidate will contribute to the academic development, delivery and evaluation of theory and clinical nursing courses in the undergraduate and/or NP graduate program. The incumbent will integrate scholarship into clinical and theoretical teaching, provide leadership on the integration of relevant concepts related to the undergraduate and/or NP program, and, participate in professional and community organizations. The incumbent will offer courses on-site or through delivery by various distance education modalities. The incumbent will provide academic and administrative leadership in the coordination and delivery of the NP program and collaborate with administration, faculty, support staff, students, stakeholders and interprofessional leaders. The incumbent will conduct ongoing program and course evaluation as part of the NP program quality assurance process.

**GENERAL QUALIFICATIONS:**

- A Baccalaureate degree in Nursing and a Master's degree (Nursing preferred or in a related discipline) required
- Registration or eligibility for registration with the College of Registered Nurses of Manitoba (CRNM)
- Current RN(EP) licensure with CRNM
- A minimum of three years recent primary care clinical NP experience required
- A proven track record of teaching excellence
- A proven track record of curriculum development, delivery and evaluation
- Experience in delivery and evaluation of flexible-delivery courses
- Experience in teaching and assessment of students in various clinical settings using best practice principles and evidence informed knowledge
- Experience in providing administrative leadership
- Excellent communication and interaction skills
- Ability to foster collegial relationships
- Scholarly capabilities

**Start Date: August 1, 2018.** Rank and salary will be commensurate with experience and qualifications.

The University of Manitoba is committed to creating a diverse and inclusive workplace. Applications are encouraged from qualified applicants including members of visible minorities, Indigenous peoples, people with disabilities, people of all sexual orientations and genders, and others who may contribute to the further diversification of the university. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.

The College of Nursing is one of five colleges within the Rady Faculty of Health Sciences (RFHS). The College of Nursing offers both undergraduate programs and graduate programs. The Bachelor of Nursing (BN) program is a concept based curriculum and has a state of the art simulation program. The BN program is also delivered in partnership with the University College of the North in The Pas and Thompson. The Aboriginal Nursing Cohort Initiative provides students with Indigenous ancestry with academic and personal supports to facilitate success. At the graduate level, the College of Nursing offers a Master's Program with four streams, including Nurse Practitioner (NP), administration, education and clinical practice streams. In addition, the College offers a PhD Program in Nursing. The College's Manitoba Centre for Nursing and Health Research (MCNHR) promotes and supports the conduct, dissemination and uptake of collaborative nursing and health research with a goal to benefit the health of Manitobans and beyond. The College of Nursing is proud of its three Research Chairs; one CIHR, one CRC and a Clinical Scientist, Canadian Child Health Clinician Scientist

Program. The College has clinical practice and research links with other universities nationally and internationally and with a number of research institutes in Manitoba. The College has a strong commitment to the Indigenous community, to accessibility and diversity, and to a wide range of practice environments. The College is also recognized for its leadership in international development. Visit our website at [umanitoba.ca/nursing](http://umanitoba.ca/nursing) for more information.

The closing date for applications is **June 29, 2018**. Applications should address the general qualifications and include curriculum vitae as well as three reference letters. Please email your application to the attention of **Dr. Netha Dyck, Dean, College of Nursing, Faculty of Health Sciences, University of Manitoba** [acadnurs@umanitoba.ca](mailto:acadnurs@umanitoba.ca). “The University of Manitoba is strongly committed to equity and diversity within its community and especially welcomes applications from women, racialized persons/persons of colour, Indigenous peoples, persons with disabilities, persons of all sexual orientations and genders, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority”. Application materials, including letters of reference, will be handled in accordance with the protection of privacy provisions of “*The Freedom of Information and Protection of Privacy*” (Manitoba). Please note that curriculum vitae may be provided to participating members of the search process.
