Memorial University of Newfoundland
Faculty of Nursing
Tenure Track Positions

Memorial University Faculty of Nursing invites applications for **two** tenure track positions at the rank of Assistant or Associate Professor, effective August 1, 2020 [negotiable]. These positions are subject to final budgetary approval.

Memorial University is the largest university in Atlantic Canada. As the province's only university, Memorial plays an integral role in the education and cultural life of Newfoundland and Labrador. Offering diverse undergraduate and graduate programs to almost 18,000 students, Memorial provides a distinctive and stimulating environment for learning in St. John's, a safe and friendly city with great historic charm, a vibrant cultural life, and easy access to a wide range of outdoor activities.

The Faculty of Nursing is located on the university campus and offers programs leading to the Bachelor of Nursing (4 year and accelerated options), the Master of Nursing (practicum and nurse practitioner options), the Post Master's Nurse Practitioner Graduate Diploma, and the PhD in Nursing. The undergraduate program has been recently revised and a concept-based curriculum has been implemented.

A completed earned PhD degree is required for the appointee to receive the rank of Assistant Professor and to be in a tenure-track position. If a successful candidate has not completed a PhD degree, they may be appointed to a regular term, non-renewable three year appointment at the rank of Assistant Professor. If the candidate completes all of the requirements for the PhD degree during the first 24 months of the term appointment, they shall begin a tenure-track appointment following completion of the requirements of the degree.

One position is available in each of the two following areas:

Reference Number: F01136-2019-039
This position is for a faculty member who is a Registered Nurse and/or a Nurse Practitioner and can teach statistics and/or quantitative research methods in our graduate programs. Position responsibilities include teaching and supervision in the undergraduate and graduate programs, conducting a program of research and academic service. The successful candidate must be eligible for licensure with the Association of Registered Nurses of Newfoundland and Labrador as a Registered Nurse and/or as a Nurse Practitioner and hold a master's degree and an earned PhD degree. The master's or PhD degree must be in nursing. PhD candidates who are close to finishing the degree may also be considered.

The successful candidate must demonstrate evidence of a beginning program of scholarship, including research, publications, and external funding. Candidates must also be prepared to teach in the undergraduate and graduate programs and thus must have relevant clinical experience. We are particularly interested in applications from PhD prepared nurses who can teach statistics and/or quantitative research methods courses in our graduate programs and from Nurse Practitioners who can teach in the Nurse Practitioner program.

Reference Number: F02953-2019-038

This position is for a faculty member who is a Registered Nurse and/or a Nurse Practitioner and can teach acute care child nursing. Position responsibilities include teaching and supervision in the undergraduate and graduate programs, conducting a program of research, and academic service. The successful candidate must be eligible for registration with the Association of Registered Nurses of Newfoundland and Labrador as a Registered Nurse and/or as a Nurse Practitioner and hold a master's degree and a PhD degree. The master's degree or PhD degree must be in nursing. PhD candidates who are close to finishing the degree may also be considered.

The successful candidate must demonstrate evidence of a beginning program of scholarship, including research, publications, and external research funding. Candidates must also be prepared to teach in the undergraduate and graduate programs and thus must have relevant clinical experience as a Registered Nurse or Nurse Practitioner. **This position is for a Registered Nurse or Nurse Practitioner who can teach acute care child nursing** and we are particularly interested in applicants who can also teach statistics and/or quantitative research methods in our graduate program.

Memorial University is committed to employment equity and diversity and encourages applications from all qualified candidates, including women; people of any sexual orientation, gender identity, or gender expression; Indigenous peoples; visible minorities, and racialized people; and people with disabilities. As part of Memorial University's commitment to employment equity, all applicants are invited to identify themselves as a member of a target group(s) as appropriate. Applicants cannot be considered as a member of a target group(s) unless they complete an employment equity survey. If you do not receive a survey or have any questions, please contact equity@mun.ca.

All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.

Only those candidates selected for an interview will be contacted.
