Practice essential skills for when it matters most.

Life/form® Male/Female Catheterization Simulator

A new and improved evolution of our life-size catheterization simulator. This comprehensive skills trainer accurately represents the human anatomy and helps teach the fundamentals of this important procedure.

- Realistic "skin" feel is soft, durable and long-lasting.
- Configurable between male/female and suprapubic applications.
- Disposable/replaceable bladder works with all applications.
- Realistic anatomical resistance and pressure ensures correct patient positioning and movement.
- Cost effective upgradable to maximize long-term training benefits.

5-year warranty

Disposable/replaceable bladder

Removable foreskin (male)

Suprapubic catherization training

Enema and rectal suppository training

This product is intended to be used as an instructional aide for teaching and demonstrating catheterization procedures. Actual product may vary slightly from photo. Nasco Healthcare reserves the right to change product color, materials, supplies or function as needed.
