

# ACCELERATE YOUR CLINICAL STUDENT EXPERIENCES

## THE LIPHA ADVANTAGE

-  Safe, virtual learning environment
-  Self-directed learning
-  20 hour package for new nursing students:
  - 90 simulacra
  - 8 case simulations
-  35 hour package for senior nursing students:
  - 90 simulacra
  - 24 case simulations
-  Cross-platform with offline operability
-  Learning Outcomes Dashboard
-  Comprehensive implementation support

Modernize your nursing and practical nursing entry-to-practice programs with LIPHA: The platform to enhance the capacity and competence of our future nurses.

The Learning Inter-Professionally Healthcare Accelerator (LIPHA) is a software learning platform that integrates simulation and case-based inquiry, grounded in a serious educational game and digital open-world learning. Designed for nursing and healthcare aide students (PSW) in the long-term care sector to practice caring for virtual residents.

## LEARN MORE

- Join the LIPHA team at the CASN Virtual Vendor Showcase on June 1, 4:05 pm ([www.casn.ca](http://www.casn.ca))
- Visit [mylipha.ca](http://mylipha.ca)
- Contact us: [info@mylipha.ca](mailto:info@mylipha.ca)

LIPHA is an excellent way to put my knowledge to the test. Since there is a storyline and the game is set in Ancient Carthage, I am able to remember information quicker and easier.
