

Sentinel City® Canada: Simulation-Based Learning for Canadian Nursing Schools

Expedite the success of your nursing learners as they practice critical thinking, observation, and professional caring in a risk-free environment. This virtual city can cover anything from community assessments and infection prevention and control issues to natural disasters and population-focused interventions.

Christy Gladue

Christy is part of the Saddle Lake Cree Nation of indigenous peoples. She is very involved with her culture and has an interconnected family.

13 diverse Canadian citizens (including Indigenous, Black Canadian, 2SLGBTQ+)

18 Canadian locations with 100+ sets of unique Canadian data and demographics

30+ simulated clinical hours and 22 easily implemented clinical activities available

GIVE YOUR NURSES THE BEST PRACTICESM

Sentinel U® provides a full portfolio of healthcare simulations - including one-of-a-kind collections of virtual clinicals focused on various course and content areas - to complement your teaching or training.
