

Position Title: Nursing Instructor(s)

Faculty/Instructor Profile

Red Deer Polytechnic's (RDP) School of Health and Wellness is hiring multiple Practical Nursing (PN) and Bachelor of Science in Nursing (BScN) Instructors to start in June 2024, August 2024 and December 2024, depending on the position.

There are many ways to join RDP as an Instructor and have a positive impact on students by teaching lectures, labs or clinical sections. We have the following 3 options. Apply today!

Part-Time:

- One part-time position teaching a course in Mental Health from June to July.
- Multiple part-time opportunities beginning in August. Our part-time Instructors have a variety of start/end dates between August 14, 2024 to December 23, 2024.
- This role is ideal for those looking to try out teaching for a short period of time.

Sessional:

- Our sessional Instructors work full-time from August 14, 2024 to April 28, 2025. There are also opportunities to start on December 17, 2024 to August 30, 2025.
- This role is ideal for those looking to jump into teaching, build relationships with students and really experience what it feels like to be a nurse educator at RDP.

Continuous Probationary:

- Our Continuous Probationary Instructors will join RDP permanently on August 7, 2024.
- This role is ideal for those with teaching experience who are looking to impact their program through building curriculum and ensuring ongoing program success.

Required Qualifications and Benefits

View [full job postings](#) for specific qualification requirements and benefits information.

While most courses will be offered at Red Deer Polytechnic Main Campus, there are also opportunities for our instructors to work within Central Alberta, including in Drumheller, Olds, Ponoka, Rocky Mountain House, Stettler and Three Hills.

If you have any questions prior to application, please email Ann.Garrett@rdpolytech.ca.

About Red Deer Polytechnic

Focused on advancing the economic and social priorities of Alberta, [Red Deer Polytechnic](#) (RDP) provides more than 80 industry-relevant programs within a breadth of credentials to approximately 6,300 credit and apprenticeship students and 3,400+ learners with Continuing Education programming. With modern teaching and learning spaces, and state-of-the-art research and innovation centres in advanced manufacturing and energy innovation, the Polytechnic provides applied research opportunities, leadership in the social, economic, and cultural development of Alberta, and myriad lifelong learning opportunities.

Red Deer Polytechnic's main campus is located on Treaty 7, Treaty 6 and Métis ancestral lands. This is where we will strive to honour and transform our relationships with one another.
