

## **Red Deer Polytechnic**

### **Full-Time Instructors – Bachelor of Science in Nursing (BScN) Program School of Health and Wellness – Red Deer, Alberta**

#### **APPLICATION DEADLINE: Posted until filled**

Under the direction of the Associate Dean of BScN, the successful candidate will have the following key responsibilities:

- Teaching students in classroom, lab, and/or clinical settings with flexibility for both face-to-face and online course delivery
- Creating a stimulating, effective, and learner-centered environment which includes preparing, reviewing and/or updating course material
- Marking, grading, and evaluation of student work
- Travel to rural sites for clinical instruction
- Providing ongoing feedback, guidance, and assistance to students
- Actively contributing and participating in program planning, curriculum development & review, project work, and scholarly activity
- Participating in School and Polytechnic-wide initiatives and/or committees
- Upholding the Professional Responsibilities of Faculty at RDP, which are described within the Faculty Performance Policy
- Demonstrating and promoting RDP organizational values and following RDP policies and practices.

Instructors will uphold professional responsibilities and demonstrate RDP organizational values by adhering to related policies and practices. They will be supported through a comprehensive onboarding experience and receive additional training from the Centre for Teaching & Learning, including the Introduction to Teaching & Learning workshops. Additionally, new instructors will benefit from mentorship through the Nursing Faculty Navigator program, designed to help them successfully transition from clinicians to educators.

#### **Required Qualifications**

- Bachelor's degree in Nursing for Sessional and Part-Time Instructors
- Master's degree in Nursing for Continuous Probationary Instructors
- Registered Nurse with current registration with the College of Registered Nurses of Alberta (CRNA)
- Current Heart and Stroke Foundation Basic Life Support (BLS) Provider or Recertification Certificate, or willingness to obtain upon hire
- Current **Immunizations as per RDP requirements**
- Respiratory Fit Testing
- Valid Driver's License
- A satisfactory Criminal Record Check in accordance with the Polytechnic's Criminal Record Check policy

Applications will be accepted through our Career Portal at <https://employment.rdpolytech.ca/postings/6440> until the position is filled. While we thank all applicants, only those selected for an interview will be contacted.
