

**MOUNT
ROYAL
UNIVERSITY**

Assistant Professor, Nursing - (3406)

Mount Royal University invites applications for a 3.5 year term position, which will commence on January 1, 2026, subject to final budgetary approval, at the Rank of Assistant Professor.

The successful applicant must, at minimum, be qualified to teach all introductory-level nursing courses and be prepared to actively participate in program and curriculum development. Preference will be given to applicants who have expertise in adult health acute care (medical/surgical), pathophysiology and recognized simulation credentials and experience with simulation education.

The successful candidate(s) will have:

- A minimum of Master's degree in nursing with PhD degree or PhD near completion preferred
- A minimum of three years' experience in their declared area of expertise
- Registered or eligible for registration with CRNA
- Immunizations for the practice area (including Alberta Health Services) are required

In addition, any of the following would be considered an asset:

- Experience in curriculum redesign
- Demonstrated commitment to enhancing equity, diversity, inclusion and accessibility (EDIA)
- Experience in teaching pathophysiology and adult health
- Medical/surgical acute care teaching experience
- Medical/surgical acute care clinical experience (minimum 5 years)
- Experience with simulation as a teaching strategy
- Experience developing and supporting simulation educational strategies
- A program of scholarship
- Online teaching experience

Key faculty responsibilities include:

- Collaborating effectively with full-time and contract faculty members on curriculum development and program refinement
- Remaining current in areas of teaching responsibility and maintaining awareness of emerging trends in evidence-informed practice.
- Contributing to the program, School, Faculty, university, and broader nursing community through various levels of service-related activities

Closing Date: October 23, 2025
